Задание 3. Read the text and choose the correct answer.

Read the article and choose the correct option for questions below.

The famous Trans-Siberian railway line goes from Moscow to Vladivostok, but there's another railway line about 650 kilometres north of the Trans-Siberian. This is the Baikal-Amur Mainline (BAM). A special train, the *Matvei Mudrov* medical train, travels along its 4,000 kilometres. There are usually between twelve and fifteen doctors on the train. The train stops for a day at places along the BAM. The people who live in small towns and villages come to the train for medical attention. There are no doctors or hospitals in their towns or villages. For these patients, their health centre is on the train.

The *Matvei Mudrov* was named after a Russian doctor in the nineteenth century. Nowadays, the *Matvei Mudrov* visits each town or village on the BAM twice a year. In the village of Khani (population 742), the patients include a man with two broken ankles and a teenage girl. She had appendicitis a month ago and she was lucky to travel to a town three hours away for an operation. The *Matvei Mudrov* doesn't have any equipment to do operations. The doctors can diagnose their patients' medical problems and recommend treatment and medicines. The train has a laboratory for blood and urine tests and a number of medical testing machines. The patients like the doctors on the train. They say they are honest and good at their jobs.

Next stop is a town called Berkakit. About 4,000 people live here. There is a queue to see the doctors. Mikhail Zdanovich is waiting for his turn. He's 61 years old and he came to Berkakit in 1976. At the time, only about a hundred young people lived in Berkakit. It was a new town. Zdanovich met a woman who worked at the town bakery. They married and stayed in the town. When Zdanovich walks into the doctor's office she says 'Oh, Mikhail, I recognised your voice.' He has a problem in his shoulder. The doctor writes a letter to say that he can't work, he must have an operation. He leaves, happy, and then he returns a few minutes later. He brings freshly cooked pies and some goat's milk.

For the people who live in this remote part of Russia, the *Matvei Mudrov* is more than a medical train. It's a social connection to the community of their country.

Jeff Statham: This is my car that I've had for years now, made in Canada. I worked in the automotive industry for about the last 12 or 13 years, a plant in Whitby. We produced the seats for the cars built here in Oshawa. Continuous layoffs - and eventually I got hit by them - and now I'm here. I'm currently in the Second Careers program here at Durham College. I'm in the law and security administration program and my ultimate goal is to become a police officer. It's been great. I love the program.

Ted Dionne*(Instructor, Durham College)***:** It gives someone like Jeff an opportunity to do something that he may have wanted to do. He probably had it in the back of his mind that he wanted to do something different visualizing what you want to do in the future …

Jeff Statham: I've wanted to go back to school for years but with shifts it's hard to do. Money is not always there to do it so this Second Careers covers my schooling and it's a perfect opportunity for me.

Jeff Statham: I've never really had report cards at work worthy of putting on the fridge, but at the end of my first semester I ended up on the dean's list, so now my mother finally has a report card on her fridge.

John Milloy*(Minister of Training, Colleges & Universities)***:** For workers like Jeff, Second Career is ideal. We have a network of service providers throughout the province called Employment Ontario and they serve as an entry point for anyone who is looking for a job in the province. We work with them to find the best course of action.

Jeff Statham: We have two kids at home that we have to make sure get their homework done, so I'll make sure I'll get my homework done as well. Just being in school now I feel a hundred times better, so I'm really looking forward to whatever the future holds.
